

December 1, 2019

This year, my husband and I were honored to chair the first Legacy Gala for Brother Bills Helping Hand. We had a great gala team ready to do whatever it took to make it a success. As we began planning and discussing our gala, it became apparent to me that we needed Dean McCurry to help us take it to the next level! I have worked with Dean in the past as chair of school auctions, so I knew exactly what to expect.....SUCCESS!

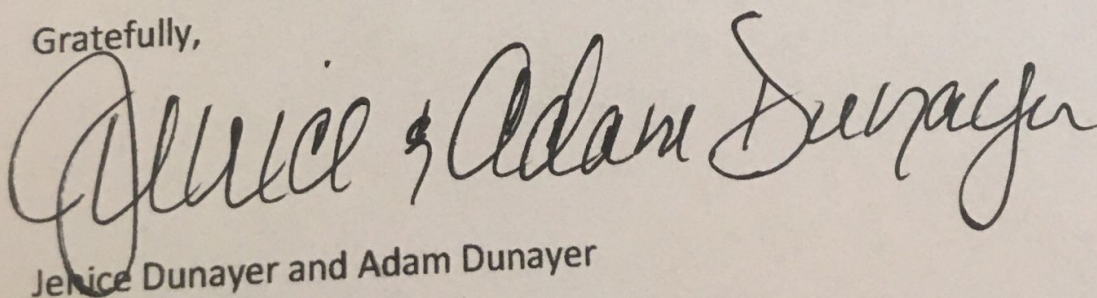

We were not disappointed! From the moment we brought Dean in (less than 60 days out), he got us on the fast track with a level of knowledge that we needed. He is personable, friendly and ultimately compassionate about making a difference in the non-profit world! It was a perfect match! He and his staff jumped right in with their comprehensive auctioneering service and it instantly gave us comfort in knowing they had it "covered"! He and Kayla were excellent in the immediate response to getting our event online. They were extremely responsive to answering all calls and emails from anyone on our team.

The night of the event exceeded our expectations! Dean and his staff were there early to help set up, review our run of show, give guidance to our volunteers and ultimately help get everyone excited about our SOLD OUT event. He and his team were set up and all systems were a GO! Dean's company handled all of the electronic bidding, checking people in and ensuring collections after the event. In addition, the immediate reports that came within minutes of closing were exciting to announce that night!

I've had the privilege of seeing Dean work effortlessly in his "wheelhouse" at my past auctions and I was excited for my team to see him in action! Dean is beyond dynamic when conducting the actual live auction. He was able to motivate the crowd increasing the donations and bidding. This first-year event managed to double our goal and a great deal of it is due to Dean and his staff! Everyone was talking about the amazing Brother Bills Gala at church on Sunday!

Dean's team is professional and truly committed to their calling. I will continue to use Dean in any event or fundraiser I am involved with. I know that Dean = SUCCE\$\$ and peace of mind for all event planners! I speak on behalf of Brother Bills and our gratitude for the money Dean's Auctioneering Services helped us raise for our West Dallas neighbors.

Gratefully,

Jenice Dunayer and Adam Dunayer
