

F1 EXPERIENCE FOR 2 - 2026

4 Nights

1 Room

2 People

F1 cars are the fastest regulated road-course racing cars in the world, owing to very high cornering speeds achieved through the generation of large amounts of aerodynamic downforce. Most events occur in rural locations on purpose-built tracks, but several events take place on city streets.

This multi-day experience will include the F1 Experiences Live, where you will enjoy roving, interactive experiences with an open bar, light snacks and the chance to learn about the inner workings of Formula 1, and an appearance by an F1 driver.

Also experience a Guided Track Tour, Championship Trophy Photos and an Exclusive Pit Lane Walk.
